High bar chair

FRIK5511

The chairs from the RIMO collection are an example of a harmonious match between classic design and modern functionality.

The designers focused equally on how the chairs look and how comfortable they should be. This resulted in an original system of testing the ergonomics of the chairs and optimising their weight.

What's more, as the chairs are stackable, they can be easily rearranged and stored. Comfort and stability are ensured by the rubber chair feet.
